

Transforming Communication with Webex Suite

The Webex Cloud Collaboration Suite seamlessly bridges the gap between communication, productivity, and collaboration. WorkMation enhances your Webex experience by providing you with the tools and services you need to get the most out of your technology investment.

To enhance their digital capabilities, global IT leaders report their focus on:

86%

Empowering the distributed workforce with seamless access to applications and high-quality collaborative experiences

89%

Maintaining security, control, and governance across user devices, networks, clouds, and applications

Cutting-Edge Features of AI-Powered Collaboration

Real-Time Communication: Instant messaging, HD video conferencing, and crystal-clear audio ensure seamless communication and collaboration.

Content Sharing: Effortlessly share documents, presentations, and ideas in real-time, promoting an environment where creativity knows no bounds.

Event Management: Power virtual and hybrid events and webinars that boost attendance and encourage active participation.

Secure File Storage: Safeguard your data with a centralized hub for documents and assets, accessible only to authorized users anytime, anywhere.

Project Management: Streamline projects with integrated task management tools, keeping everyone on the same page and deadlines within reach.

AI Assistant: Get caught up on a meeting in real-time, summarize an hour-long meeting recording, and quickly identify and solve support issues.

Top 10 Benefits of Webex Cloud Collaboration

- 1 Enhanced productivity
- 2 Cost savings
- 3 Secure collaboration
- 4 Agile and scalable operations
- 5 Improved communications
- 6 Streamlined workflows
- 7 Global connectivity
- 8 Effective training and events
- 9 Increased employee satisfaction
- 10 Data-driven decision-making

Webex Security and Compliance

- ✓ **Secure Authentication Features:** Locked personal room meetings, password-reinforced meeting connections, and encrypted cloud recordings.
- ✓ **Third-party apps:** Webex is an all-in-one-solution and does not require third-party apps which can create gaps that diminish your overall security.
- ✓ **Compliance:** ISO 27001 certified, Service Organization Controls (SOC) 2 Type II audited, Cloud Computing Compliance Controls Catalogue (C5) attestation, Privacy Shield Framework certified, GDPR, CCPA, COPPA, FERPA, and HIPAA compliant.
- ✓ **Server Location:** All Webex servers are U.S. based.

Workspaces

- Small Meeting/Conference Rooms
- Desk Sharing/Hot Desk
- Home Office
- Doctor's Office
- Board Room
- Idea Room

Webex Usability

-  **Adoption:** Intuitive design and integration with other mainstream and popular technologies, including Microsoft Teams, ensures users can connect and collaborate freely.
-  **Features:** Includes all the features you need to collaborate on your terms, including breakout rooms, end-to-end encryption, task management, document collaboration, file sharing, and facial recognition to identify attendees.
-  **Accessibility:** Webex makes collaboration easy for everyone with keyboard shortcuts, closed captioning, and screen reader support to encourage engagement with your entire distributed workforce.

Work Your Way

Whether you're an SMB wanting to elevate your capabilities or a large corporation looking for a partner that speaks your language—WorkMation is here for you. We understand unique challenges need unique solutions. Instead of trying to sell you something, we focus on building partnerships and providing you with the highest level of service and integrated solutions to solve your technology problems.

Value honest relationships over transactions

Provide bespoke solutions that fit your unique needs

Take the time to get to know your business nuances

Offer local resources that are invested in solving your problems
