

# Fast-Track Cloud Opportunities with WorkMation and Cisco Meraki

In the modern digital landscape, the cloud is the great enabler of business — delivering agility, resilience, and cost optimization while also preparing you for any challenge or opportunity.

Supply chain disruptions

Evolving workforce

Sophisticated cyber threats

Only 50% of organizations have a cloud-first approach

## Spend your time running your business, not your technology.

WorkMation and Cisco Meraki fast-track cloud opportunities by unifying IT, IoT, and physical environments, so you can scale quickly, reach globally, and operate securely — without any of the hassle.

## Not just any cloud approach will do

Cisco Meraki Cloud-Managed Network provides a unified approach that removes complexity and unleashes innovation, so you can:

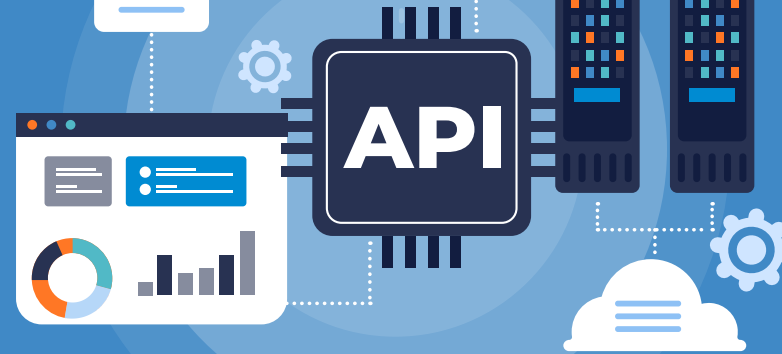

### Improve productivity

Workforces can access their data from almost anywhere.

### Enable resilience and agility

IT infrastructure designed to scale as quickly as you need.

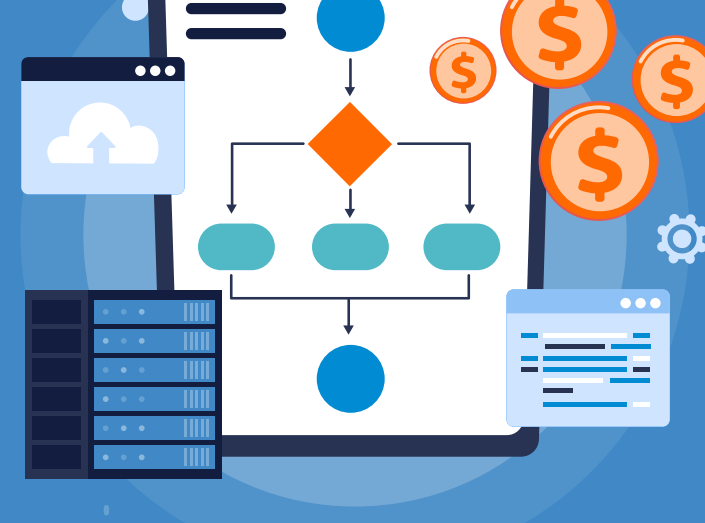

### Connect seamlessly

An API-driven platform and ecosystem of powerful apps.

### Reduce costs and inefficiencies

Simplicity at each with automation at scale.

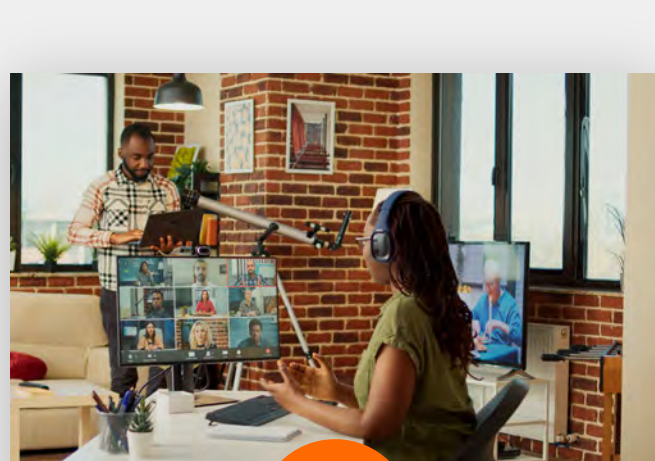

### Remain protected

Industry-leading threat management and intrusion prevention.

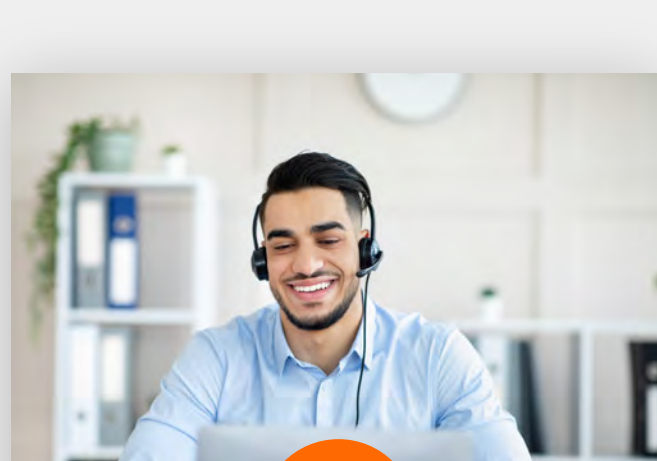

Cisco Meraki has **23 billion interactions every week**, making it the industry's largest-scale cloud networking service.<sup>1</sup>

## Cisco Meraki for every experience

### Hybrid work

Enable teams with superior performance, no matter the environment.

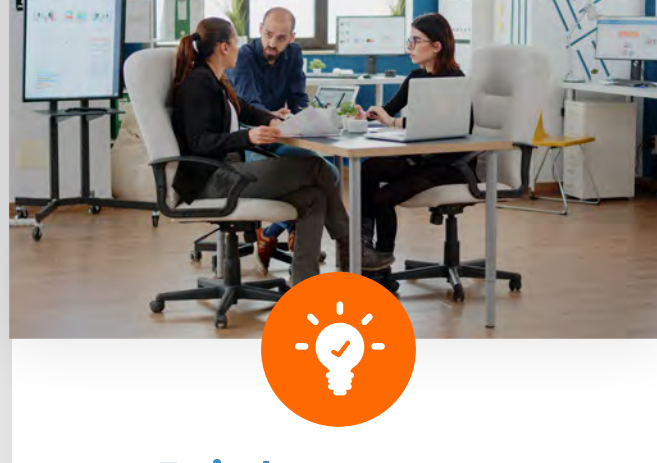

### Remote workforce

Improve connectivity and give teams the tools they need for success.

### Safe environments

Unite physical and cybersecurity to protect and connect what matters.

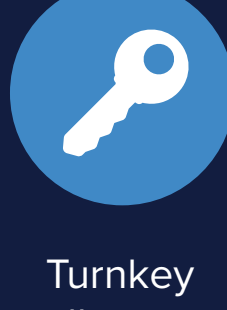

### Bright spaces

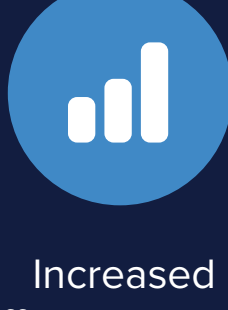

Elevate the places where employees and customers come together.

## Simplicity by design

Cisco Meraki is a complete cloud-managed networking solution out-of-the-box: No extra hardware, software, or complexity.

Turnkey installation and management

Increased effectiveness of lean IT teams

One dashboard, a true single pane of glass

Integrated, always-up-to-date features

## WorkMation makes IT happen

Unique challenges require unique solutions. WorkMation understands the specific IT struggles that businesses face daily, and we work hard to solve them.

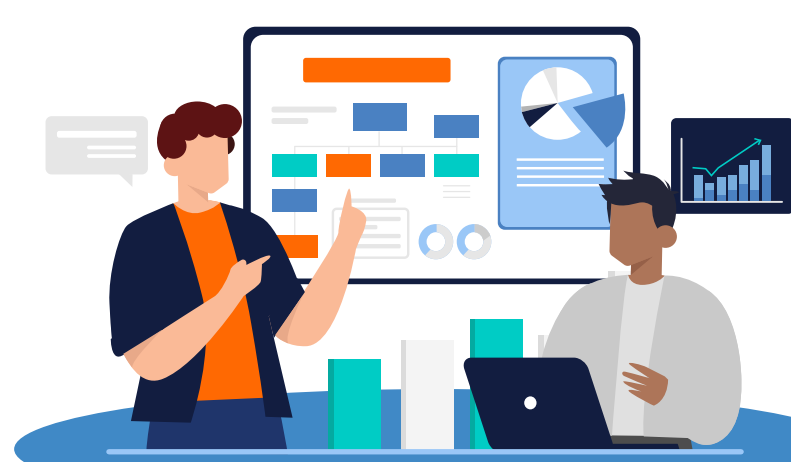

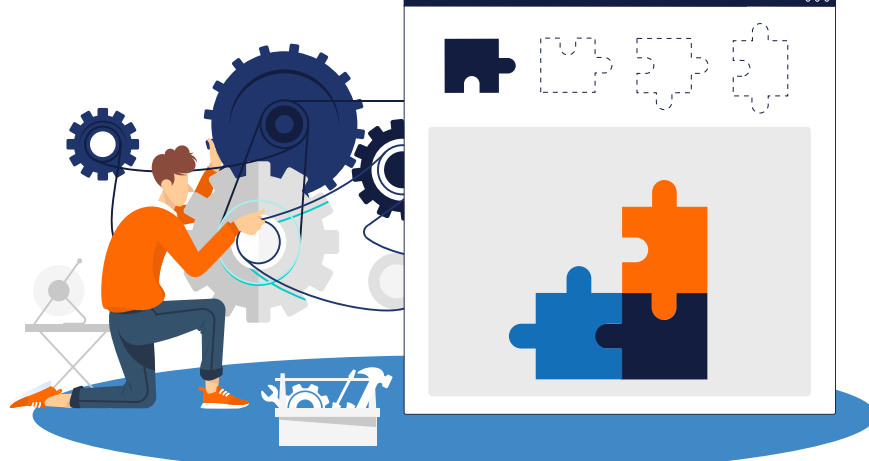

### Value relationships over transactions

When you succeed, we succeed. We're a team.

### Provide bespoke solutions

Our developers create customized solutions just for you.

### Learn your language

We work to understand your business processes and workflows.

### Offer local resources

No matter where you're located, we are there with you.

## Unleash innovation when you work your way

Imagine what's possible with WorkMation and Cisco Meraki Cloud Solutions.
